

HOW TO VOTE.

Instructions as to the Manner of Marking Ballots

And Voting in Ohio According to the Provisions of the New Law.

The Republican State Committee Issues a Circular Letter of Advice to Ohio Voters—Follow Them and No Mistakes Can Be Made.

COLUMBUS, O., Oct. 1.—The following instructions as to the manner of marking ballots and voting according to the provisions of the election laws of 1892, have been prepared under the direction of the republican state executive committee of Ohio, and are issued for the information of precinct committeemen and others:

HOW TO VOTE.

1. Enter the polling place and give your name, and, in precincts where registration laws are in force, your residence, to the election officer holding the ballots, who will write your full name on the secondary stub; or if you vote under the registration laws, your registered number.

2. The ballot and secondary stub will then be detached from the main stub, the ballot folded by the election officer and handed to you. You will then enter the guard rail and go alone to one of the voting shelves for the purpose of

MARKING THE BALLOT

by observing the following rules:

1. If you desire to vote a "straight ticket," or, in other words, for each and every candidate of one party for whatever office nominated, you must either

(a) Make a cross mark (X) in the circular space below the device and above the name of the party at the head of the ticket; or

(b) Make a cross mark on the left of and opposite the name of each and every candidate of such party in the blank space provided therefor.

2. If you desire to vote a "mixed ticket," or in other words, for candidates of different parties, you may

(a) Make or omit to make a cross mark in the circular space above the name of any party, and make a cross mark in the blank space before the name of each candidate for whom you desire to vote on whatever ticket he may be.

(b) If you wish to vote for a person whose name is not on any of the tickets printed on the ballot, you may vote for your candidate by writing his name in the blank space directly under the name of the candidate for that office. When you do this be sure to make a cross mark at the left of the name so written.

In case of a constitutional amendment or other question being submitted to a vote, you should make a cross mark in the blank space on the left of and before the answer which you desire to give.

Do not mark your ballot in any other way.

If you spoil a ballot, return it to the election officer, and he will give you another. You can not have more than two extra ballots or three in all.

You are not allowed to occupy a voting shelf already occupied by another, or to converse with anyone except the election officers.

You must mark your ballot in five minutes.

Before leaving the voting shelf, fold your ballot so as to show the indorsements and the fac simile signatures of the deputy supervisors of elections, and keep it so folded until you deliver it to the judge of election.

Do not show anyone how you have marked your ballot.

Go to the ballot-box and deliver your ballot to the presiding judge, whose duty it is to receive the same, and leave the inclosed place as soon as you have voted.

A voter who declares to the presiding judge that for any reason he is unable to mark his ballot may receive the assistance of two of the judges of election in marking the same.

The ballot must be marked with black lead pencil.

You are not allowed to re-enter the inclosed place after having voted.

An elector who does not vote a ballot delivered to him must return the same to the election officers before leaving the polling place.

Note.—There is one other method provided by law for marking a "mixed ticket," but it is very intricate and hard to understand, and the slightest deviation from the exact manner laid down in the law for marking the ballot would render it impossible for the judges of election to determine the intention of the voter, and it would therefore not be counted. For this reason it is not given in these instructions, the methods above described being amply sufficient to enable the voter to declare his choice.

IN AN IRON SAFE.

Precautions to Beat Grave Robbers Getting the Ossified Man's Body.

LOCKPORT, N. Y., Oct. 1.—The remains of the late Jonathan R. Bass, the celebrated ossified man, were Friday placed in their last resting place at Glenwood cemetery. Bass, it will be remembered, died at his old home at Lewiston, on the banks of the Niagara, seven weeks ago. The remains were brought here and rested in the public vault until the great iron burglar-proof vault which the relatives of the ossified man ordered was completed. The remains were placed in this receptacle Friday and securely locked. This precaution was taken by the relatives to prevent the body from being stolen by enterprising museum managers or ghouls for doctors to make an autopsy. The new vault is made in such a manner that, should it be carried away, it would take days to break it open.

Physicians have besieged relatives of the deceased for permission to make a post-mortem and have offered large sums for the body, making excuse that it was in the cause of science. All such requests have been refused. A watch has been placed over the vault at night, and every effort will be made to thwart any efforts of grave robbery. The will of the ossified man was filed for probate in the surrogate's court here. He leaves \$1,000 worth of personal property and \$5,500 of real estate to a number of nieces and nephews. No objection to the will being probated has been made as yet.

ILLEGAL BANKING

Charged Against the Chairman of the Kansas People's Party.

TOPEKA, Kan., Oct. 1.—J. W. Briedenthal, chairman of the people's party state central committee, was arrested at Enterprise Friday on complaint of the state bank examiner for doing an illegal banking business.

There are other prominent men implicated whose arrests will follow. Mr. Briedenthal as secretary and acting treasurer of the Kansas Sinalva Investment Co., has been collecting money for the Topolabampo Co. in Mexico, located in the state of Sinalva. A. K. Owens of New York, as head of the Credit Foncier Co., issued a call for \$5 and \$10 contributions to aid in supporting the colonists to buy feed and forage in order to enable them to complete a seven-mile canal on the company's land, which is necessary before crops can be raised. The company has been selling what they term "trustee's scrip," bearing 10 per cent interest, payable on call after ten days' notice. The sum of \$2,900 was thus raised in New York by Owens, and the further sum of \$2,500 in Illinois by Briedenthal. The further sum of \$6,000 is thought to be raised, and in doing so the officers of the company have violated the Kansas banking law. Further developments are expected within a few days.

ALICE MITCHELL'S

Mind Improving, and She May Yet Be Tried For Murder.

MEMPHIS, Tenn., Oct. 1.—There is a chance that Alice Mitchell will yet be tried for the murder of Freda Ward. Judge Dubose, of the criminal court, intimated as much Friday when an application was made by the counsel for Lillie Johnson, Alice's co-defendant for the beginning of her trial on Monday next. The judge declined to grant the application, and ordered Lillie Johnson's case temporarily retired, saying that he might any day be notified by the authorities at the Bolivar insane asylum that Alice Mitchell had recovered her reason. In such event she and Lillie Johnson would be tried together. It has been reported for a week past that Alice's mental condition has improved greatly since she was put in the asylum a month ago, and the asylum physician has hope of her complete recovery.

DUPING AMERICANS.

Wm. Lord Moore and His Fortune Scheme Are Frauds.

CLARKSVILLE, Tenn., Oct. 1.—It was learned Friday that William Lord Moore, a London lawyer who informed W. A. Freeman, a poor and illiterate farmer of this county that he had fallen heir to a portion of the estate on which the Buckingham palace is situated, telling him that his share would amount to \$200,000, is a notorious swindler, and for a long time has been imposing on incredulous Americans. Some time ago there was published an exposure of Moore's swindling operations by request of Minister Lincoln. For over a year Moore has been writing Farmer Freeman for various sums of money for the purpose of prosecuting a suit. Freeman, by hard work and denial, has obtained the sums asked for and forwarded them to London.

FOR TREASON.

A Development in Connection With the Homestead Trouble.

Several Members of the Strikers' Advisory Committee Arrested.

The Charge Against them is Treason Against the Commonwealth, O'Donnell, McLuckie and Others Accused—The Penalty is Twelve Years in Prison.

HOMESTEAD, Pa., Oct. 1.—A great sensation was created here Friday night by the arrest for treason of a number of the members of the advisory committee of the Homestead strikers. Those arrested were Chairman Thomas J. Crawford, Wm. Bair, George Rylands, John Dierken and T. W. Brown. The arrests came like a thunderbolt to the strikers, they were so suddenly made and so unexpected. The prisoners were chatting at street corners when they were taken. The officers were Detectives Mills and Farrell, and Deputies Young, Brady, Dewlin, Kreps and Ward.

The information for treason upon which the members of the advisory committee were arrested were made by County Detective Belzhoover, Friday afternoon, before Chief Justice Paxson, of the supreme court of Pennsylvania. The petition charges Hugh O'Donnell, Thomas J. Crawford, John McLuckie and thirty others, all members of the strikers' advisory committee, with treason.

This is the first time in the history of the state that any resident has been charged with treason against the commonwealth, and the outcome of the cases will be watched with interest. The penalty, which was formerly death, is twelve years' imprisonment in the penitentiary.

RUMPF ON REMEDIES.

All the Various Vaunted Ones Useless—Disinfectants a Failure—Removal of Bacilli Necessary.

BERLIN, Oct. 1.—Prof. Rumpf, of the Eppendorf hospital, in Hamburg, has reported his experience in the treatment of three thousand cholera patients in this institution. He declares that all of the various vaunted remedies are useless. Among these he includes salol, creosote, lactic acid and hydrochloric acid. Sulphuric acid he also found of no avail, but in mild cases the injection of tannin was successful. Prof. Rumpf concludes that all methods aiming merely at the disinfection of the intestines failed, and that a remedy must be sought which removes the cholera bacilli from the intestines.

He mentions hot baths, hot coffee and tea, wine, champagne and camphor as useful in critical cases. He adds that the injection of a solution of common salt cured twenty-five per cent of the cases so treated. Prof. Klesh, of Zurich, who has been treating patients in Hamburg with injections of fluid obtained through the culture of the cholera bacilli, states that after the injection of the fluid, the temperature of the patient soon becomes normal, and that several apparently hopeless cases have recovered under this treatment.

GEORGE WOOD

Arrested in Columbus, O., While Working His Crooked Game.

COLUMBUS, O., Oct. 1.—Geo. W. Wood, wanted in New York, Dayton, O., and elsewhere for swindling building and loan associations, was arrested while trying to turn a trick here Friday. He stole \$110 worth of what are known as "children's stamps" and attempted to have them cashed at the Ohio state savings and loan association, of this city.

These stamps are made at Toledo, and had been stolen from the manufacturer. They are similar to stamps formerly sold by the association to children and redeemed at par to encourage economic habits among the youth. When Wood appeared at the association's office Friday he was detained until an officer arrived. At the city prison he confessed his guilt. A gold watch, \$234 in money and a one-hundred-dollar draft were found in his pockets. It is not known where Wood belongs.

LEXINGTON, Mo., Oct. 1.—Harvey Plattenburg, a brother-in-law of the late Maj. John N. Edward, the well-known newspaper writer and author, shot and instantly killed James McDowell.
